

Diploma

– for extraordinary environmental work
– given to
Modulex A/S

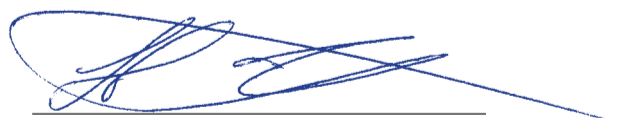

After having studied the environmental statement from Modulex A/S, Miljønetværk Syd (Environmental Network) has evaluated that Modulex has been working actively and seriously with the environmental impacts of the company.

After having evaluated the environmental statement, Miljønetværk Syd has noted

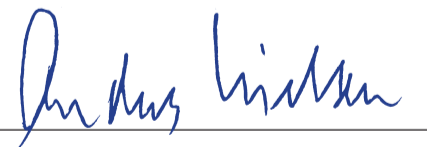

- that the company has prepared an environmental statement that complies with the principles of Miljønetværk Syd,
- that the technical review and environment accounts include important environmental conditions regarding production of the company,
- that the environmental statement including objectives and action plan of the company, is based on the principle of a more clean technology,
- that the environmental statement of the company is available to the authorities and that the statement or an abstract of the statement is open to the public,
- that the company has agreed on an environmental policy which is open to the public,

On the basis of the above mentioned Modulex A/S, Kløvervej 101, 7190 Billund, Denmark, for the fifth time is given the diploma of Miljønetværk Syd extraordinary environmental work.

The diploma is valid from the second half of 2008 to the second half of 2010.
