

Pacific

The clean lines and superb finish of Pacific create both a contemporary and welcoming impression.

Pacific has a full range assortment from ID sign to desk sign.

Beautifully Finished

to ensure lasting quality, all panels are oven hardened to your colour specifications. Graphic opportunities from print on panel to vinyl opens up unlimited design possibilities.

Pacific Exterior

is designed to withstand extreme weather conditions, accidental damage and vandalism. Aluminium and galvanised steel are used for strength and durability.

Pacific Interior

uses aluminium panels for strength and elegance. The panels are fixed to a robust frame to create a light, strong structure. The number of components have been kept to a minimum, making Pacific Interior simple to install and update. There is the option of a concealed locking system which ensures that signs can only be released with a key.
